TODAY FOR TOMORROW

BEST PROSPECTS FOR YOUR WELL-BEING

**Kömmerling 76 centre seal
Standard**

A DECISION FOR MORE QUALITY OF LIFE

Kömmerring 76 centre seal standard

Whether you are building or renovating: When you choose our Kömmerring 76 centre seal window and door system, you are choosing quality, longevity and energy efficiency. This not only reduces your costs, but also increases your comfort of living – and even the value of your property.

SUSTAINABILITY

- Highly thermally insulated: U_f value = 1.0 W/(m²K) even in the standard design
- Significant reduction of CO₂ emissions and high energy costs
- Maximum use of solar heat
- Resource-saving use of materials
- Professional recycling
- Lasting value due to longevity and excellent quality

USER-FRIENDLY

- Improved quality of life thanks to perfect sound insulation
- Improved security thanks to integrated burglary protection
- Improved handling ease and reliable functionality through the use of state-of-the-art technology
- Cosy living climate thanks to carefully considered ventilation programme
- Easy to clean thanks to the robust, weather-resistant surfaces

ADAPTABLE

- Great product diversity: Window, balcony and terrace doors, parallel sliding-tilting doors
- Broad design spectrum: Available in PVC-U white, laminated in plain and metallic colour, or in woodgrains as well as with Kömmerring ArcylColor or the innovative surface technology proCoverTec

INNOVATIVE

- Large glazed areas and narrow, extremely stable profiles
